🌐 DogiparthiAasrith

With a passion for machine learning and a strong foundation in programming and data analysis, I'm eager to leverage my skills to contribute to cutting-edge AI solutions. As a motivated individual, I'm always seeking new opportunities to learn and grow, and I'm confident that I can make a valuable contribution to any team that values innovation and excellence!

Education

Vellore Institute of Technology, Chennai, Computer Science and Engineering

Sep 2021 to July 2025

- **GPA:** 8.77 (7th semester)
- **Coursework:** Software Foundations, Computer Architecture, Algorithms, Artificial Intelligence, Comparison of Learning Algorithms, Computational Theory.

Oxford Junior College, Narasaraopet, Higher Secondary Education

Jun 2019 to Apr 2021

- **Percentage:** 96.7%
- **Board:** Andhra Pradesh Board of Intermediate Education
- **Coursework:** Mathematics, Physics and Chemistry .

Sun Shine High School, Narasaraopet, Secondary Education

Jun 2018 to Apr 2019

- **Percentage:** 100%
- **Board:** Board of Secondary Education, Andhra Pradesh

Projects

Potato disease classification using deep learning

Sep 2023 to Nov 2023

- To classify the diseases in Potato Plants for Farmers.
- Used VS code, Google Colab, Python, HTML, CSS, Java script, Flask.

Online learning management system.

Nov 2023 to Dec 2023

- To provide them an interactive session with the faculty and creating an online learning system for students.
- Used VS Code, AWS services (Lambda, EC2, cloud watch, S3), HTML, CSS, Java script.

Pneumonia Detection Using Chest X-rays

Mar 2024 to Apr 2024

- An AI-powered diagnostic system utilizing deep learning models to accurately detect pneumonia from chest X-ray images, enhancing clinical decision-making and patient care.
- Used VS code, Google Colab, Python, HTML, CSS, Java script, Flask.
- Created a website with Flask.

Arduino Based Home Automation

Mar 2024 to Apr 2024

- This smart home automation project aims to create an intelligent, energy-efficient, and safe residential environment by integrating a variety of sensors, controllers, and remote-control capabilities.
- Used MQ6,DHT11, Ultra Sonic Senor, Water Level Senor, Soil Moisture Sensor, LDR Sensor, Actuators, Bluetooth.

Ongoing Publications

A Comprehensive overview of Deep Learning Models for Automatic Detection of Skin Diseases.

Aug 2023 to Aug 2024

Rajarajeswari, **Dogiparthi Aasrith**, Mandava Nidhish, Yarraguntla Kalyan Chakravarthy

AI-driven Paddy Diseases Prediction : Deep Learning with Transfer Learning Approach

July 2024 to Aug 2024

Bhavadharini, **Dogiparthi Aasrith**, Mandava Nidhish, Kalyan Chakravarthy Yarraguntla

Technologies

Programming skills: Java, C++, C, Python and MySQL

Web skills: HTML, CSS

Emerging Technology: Artificial Intelligence, Machine Learning, Deep learning.

Courses and Certifications

- Java, Python, C and MySQL by spoken tutorial IIT Bombay
- Introduction to packet tracer
- Completed Artificial Intelligence and Machine Learning in collaboration with google (Applied Data Science)
- Amazon web services Cloud Practitioner and Solutions Architect

Extra-Curriculars

NSS VIT Chennai (Volunteer)

Jul 2022 to Aug 2023

- Member of the organizing committee for the Tamil Nadu government.
- Chief Minister's trophy event and Sci-Fest Event consisting of 600 students.
